The Guild of Analytical Psychologists
Open Morning
24th September 2022, 11am to 12.30pm via Zoom

*“Your vision will become clear only when you can look into your own heart.
Who looks outside, dreams; who looks inside, awakes.”*
— C.G. Jung

You are warmly invited to an Open Morning to explore aspects of our Guild and the courses we offer.

Members of the Guild will be available to answer your questions.

At the heart of our training is the connection between Analytical Psychology and spirituality. When running our training course, we offer a study of Analytical Psychology based on close reading of the work of C.G. Jung, including the Collected Works and the Red Book, as well as post Jungian writers, with the foundation of the work being rooted in personal analysis.

We currently offer a two-term online seminar-style Introductory Course to the Foundations of Analytical Psychology, led by members of the Guild, with participants encouraged to read relevant material and engage in discussion after a member-led presentation on a new topic each week.

Our training course is currently not accepting any new applicants, but we are happy to answer any questions about the training.

Introductory Course starts in January 2023
